

The Practice Automation Platform Trusted by Leading Accounting Firms

Only Aiwyn enhances the revenue cycle for accounting firms by integrating with existing practice management, CRM systems, and more to unlock client & firm data, automate processes, and increase cash flow.

CLIENT ENGAGEMENT AUTOMATION

Standardize, optimize, and automate client engagements in order to onboard and grow clients faster and more profitably.

BILLING AUTOMATION

Simplify and automate the billing process so you can focus more on serving clients, and less on preparing their invoices.

PAYMENTS AUTOMATION

Streamline and automate the invoicing, payment, and reconciliation processes, resulting in happier clients and more consistent payments.

COLLECTIONS AUTOMATION

Reinforce and automate the outstanding and overdue AR process to increase cash flow and capture money faster.

RELAY

Seamlessly connect, synchronize, and automate actions across your entire tech stack through a cutting-edge data ecosystem.

With Aiwyn's Practice Automation platform your firm can:

- Increase profitability and topline revenue
- Elevate your client experience
- Reduce manual back-office tasks and non-billable hours from partners
- Decrease outstanding AR
